In **Honoring** Our Veterans

With YOUR HELP we thank them.

The mission of Honor Flight Network is to fly WWII veterans and terminally ill veterans from other wars to see their memorials in Washington, DC. Honor Flights will progress naturally to Korean War veterans, Vietnam veterans etc. as the program matures.

Honor Flight Network also works closely with schools throughout Wisconsin to ensure that the heroic stories of our veterans are built into the curriculum so that future generations will fully appreciate the sacrifices made on their behalf.

TIME IS OF THE ESSENCE.

As the last of the Greatest Generation approach their final curtain call, we are witnesses to a tremendous loss as we embrace a precious opportunity. They will die – 900 heroes – men and women who defined dignity, pass from us each and every day. There are currently 600 World War II veterans on the Milwaukee Honor Flights waiting list.

They take their stories and history and enormous bravery with them. But many are among us still. There is no earthly way we can approach a gift that reflects our depth of gratitude. But we thank them anyway.

Honor Flight Network is a non-profit organization created solely to honor America's veterans for all their sacrifices.
